## What's Coming

October 7, Dr. Darnes will present a slide show, entitled "Off the Beaten Path in Portugal." Dr. Darnes always gives us a good show. This is one you shouldn't miss.

At press time the program for October 21 was not ready to be announced. Just be sure and put that date on your calendar.

The regular monthly meeting of GWCCC will be held in Room 43 of the Natural History Museum on October 11, 1965. While this is for the delegates, as members of the Society you are invited to attend. You just might find a job that you could do in the Council.

## CONGRATULATIONS

To all those who fared so well in the Newspaper Snapshot Contest we offer our Congratulations, and you did your Club proud.

## FROM OVERSEAS

22 Sep 65

Greetings to the Silver Spring Camera Club.

As many of you already know this is from Viet Nam where I'm the Deputy Commander of the 1st Logistical Command, as you can see from the letterhead. Have visited, as a part of my work, most of the interesting places in Viet Nam including Saigon, Vung Tau, Qui Nhon, Au Khe, Cam Rauh Bay, Nho Trang, Bien Hoa and many of the other places I would suspect have made the news. My office is just outside the main entrance to Tau Sai Nhut air base which in turn is on the outskirts of Saigon.

Mollie sent me the notice of your first meeting of the new season with Dillie Fie no less. I can see you are keeping up the tradition of top flight programs.

Viet Nam, like any other oriental country, offers almost limitless photographic possibilities. Just now, though, we simply do not have the time off to exploit them. when you work from 0700 to 1800, for 7 days a week there just isn't much time left over to do any picture taking. However, I did carry my camera on my travels

cont. from col. 1

and do frequently peer out the car window and shoot on the fly. Perhaps I shall have enough for a short photo-essay on Viet Nam by the time I return next June.

Meanwhile, best wishes for the usual outstanding year that the Silver Spring Camera Club always enjoys.

Sincerely,  
(s) Lee Snapp

## Among Ourselves

The summer recess found many of our members learning more about their hobby.

The Selwyn Powers' attended the Doscher course.

Other members (sorry I haven't the names, ED.) attended the Amherst Seminars.

Leon and Mickey Rothenberg' had poignant moments as happy parents at their daughter's wedding.

The Wertz's vacationed at the Camp on the Rapidan River and Ruth flew to Yakima, Wash. for the National Gem and Mineral Show. While in the west she visited former club members the Christenson's, and went Salmon fishing with Chris.

## IMPORTANT NOTICE

Members are asked to bring Prints to this meeting so that a club entry can be made for the Japan Camera Show. Prints to be 11x14 mounted on 16x20. Give these to Dr. Morris Weinberger, please.
