## — FIELD TRIP —

This years first field trip will be on Sunday, October 5, to Annapolis, Md. This area provides many opportunities for excellent photographs for Novice and Advanced members in both Monochrome and Color, so I hope a large number of you will turn out.

Everyone wishing to go should meet at the Silver Spring Library parking lot at 9:00 A.M. where car pools will be formed for the trip.

On the subject of future trips, I would like to hear from members, both new like myself and old, about where YOU would like to go, how far YOU are willing to travel, how much money YOU are willing to spend and which day - Saturday or Sunday - YOU prefer. These trips are for You so I need to know what YOU want. You can see me at the meetings, write to me or call me on the phone.

The second Field Trip ( which was suggested by a member at our first color meeting) will be to St. Michaels and Oxford, Md. on Sunday, November 2. St. Michaels is about 80 miles from Silver Spring. More information will be announced at future meetings.

## FROM THE EDITOR:

The fine cooperation from most of you in submitting your Cable Release material on time and typed ready for use is greatly appreciated. For those who missed the guidelines given in the September issue, they are repeated here with a few additions:

1. Submit cleanly typed copy in column form, with appropriate headings that follow the format established herein.
2. Do not exceed 3-3/4 inch column width, not even by one letter! Left edge must line up; right edge can vary.
3. Copy should be delivered to Editor by the time of the B&W meeting if possible. Absolute deadline is Saturday following the B&W meeting.
4. Members submitting ads should observe all of the above guidelines.
5. The Cable Release is printed by the photo-offset process -- you get what you see -- so make your copy look good.
