Monochrome Print Critique

Art Cherdak, our new chairman of the monochrome print critique program is planning a rather full, ambitious program that will go beyond just critiquing prints. Anyone who would like to participate or can offer suggestions for this program is encouraged to call Art at 460-3469.

Well-known model Selena Parker will be looking for free-lance photographers from our club to both test with and from time to time take pictures of fashion shows or public appearances.

Recently Selena can be seen in photo ads for Georgetown's Make-up Center, Peoples and Holiday Spa.

Selena's career on the West Coast has included appearances on the Johnny Carson and Dean Martin shows.

Currently Selena has been seen locally on WRC channel 4's Stuff Show.

Model Selena Parker was featured in an article written about models in the suburbs in the Montgomery and Prince George's Sentinels. Selena has also spoken on WDCN on modeling.

Selena also teaches modeling and gives many lectures on the subject. Last year she spoke to the Silver Spring Camera Club regarding how the model and photographer can best work together.

Some of the photographers Selena has worked with in the club are Gene Roberts and Richard Slade. Some area photographers that Selena has tested and worked with are Peter Garfield, Barry Blackman, Gerry Messmore and Murray Bognovitz, to name only a few. Gary Bernstein worked with Selena and is now a famous author and photographer in Los Angeles. Selena has worked several times with Jeff Hankin in Baltimore and Glen Otto in Hollywood, California.

Model Selena Parker would very much like interested photographers in the club to call her at area code (301) 593-0564 as soon as possible.
