Honor Fund Grant Application
Guidelines and Instructions

Guidelines
- The SSCC Honor Fund was established to fund photography projects to benefit the community. Projects may be educational in nature, have a goal of providing photos or photo services to those who cannot afford them, or other ideas—you decide.
- The Honor Fund Committee will award a grant to the project felt to best represent the ideal of community service.
- If possible, a grant will be awarded to fully meet the expenses of a given project, however, this may not be possible and then a partial grant will be awarded.
- Grant funds may be used for expendable supplies, like paper (for prints or flyers), prints from a commercial lab or ink.
- Grant funds may <u>not</u> be used for hardware, software or items/services for the benefit of the applicant.
- Grant recipients will be asked to give a brief talk to the club describing their project. This can be done before a club meeting and should be done after the project has started. The committee chair will help arrange this.
